

Test Valley Borough Council

Strategic Housing and Economic Land Availability Assessment (SHELAA)

Appendix 4

Northern Test Valley Sites identified outside of Local Plan Settlement Boundary where a change in policy is required for development

Extract for Wellow Parish only

Disclaimer

- i) The SHELAA document is an important component of the evidence base for Test Valley Local Development Framework (LDF). It seeks to identify and assess land available with housing and economic potential to inform future allocations for housing and employment. The Council is required to carry out, maintain and update its SHELAA's.
- ii) The key points that should be acknowledged when referring to this document are:
 - a. The SHELAA only identifies sites with development potential, it does not allocate sites
 - b. The SHELAA is based on the most up to date information available (supplied and researched) at the time of the document's preparation. Therefore factors may be subject to change over time and may have an effect on any site. This may include (but not be limited to):
 - i. Site boundaries
 - ii. Assessment information
 - iii. Constraint may be mitigated/overcome or additional factors may be identified
 - iv. Likely development timescales may be subject to change
 - v. Site capacity or densities may be subject to change as additional information is developed and masterplanning detail takes place
 - vi. The availability of the site may be reassessed by the landowner
 - c. The inclusion of a site within this document does not imply that the Council would necessarily grant planning permission for residential or employment use
 - d. The inclusion of a site within the document does not preclude them from being developed for other uses
 - e. The sites which are considered to have potential for strategic housing allocation would be assessed separately in a Sustainability Appraisal before policy decisions are made in the next Local Plan
 - f. SHELAA sites have not been ranked or discounted for existing constraints or potential delivery delays.

- iii) The information is based on submissions received from landowners and agents. Where information has not been provided in relation to site capacity or expected delivery the Council has estimated supply. These are marked with an asterisk.
- iv) The base date of this document is December 2019

Table A4: Northern Test Valley Sites identified outside of Local Plan Settlement Boundary where a change in policy is required for development

Ref No.	Site Name	Parish/ Ward	Capacity	Proposed Use	Housing Completions in Years		
					1-5	6-10	11-15+

This document forms part of the evidence base for the next Local Plan DPD. It provides information on available land, it does not allocate sites.

Summary

The site is available and promoted for development by the land owner, with interest from a developer.

The site is located outside of the settlement boundary of the TVBC Revised Local Plan DPD. The site is adjacent to the village of East Wellow which is identified as Countryside in the Local Plan Settlement Hierarchy.

Development away from the defined settlements is unlikely to meet all the elements of sustainable development considering access to a range of facilities.

Habitat Local Ecological Network

An ecological network is a group of habitat patches that species can move easily between, maintaining ecological function and conserving biodiversity. This site includes some Network Opportunity Areas containing "Woodland/ Scrub", "Neutral Grassland" or "Calcareous Grassland".

This document forms part of the evidence base for the next Local Plan DPD. It provides information on available land, it does not allocate sites.

Summary

The site is available and promoted for development by the land owner, but to date has had no interest from developers.

The site is located outside of the settlement boundary of the TVBC Revised Local Plan DPD. The closest settlement is the village of East Wellow which is identified as Countryside in the Local Plan Settlement Hierarchy.

Development away from the defined settlements is unlikely to meet all the elements of sustainable development considering access to a range of facilities.

Hbic Local Ecological Network

An ecological network is a group of habitat patches that species can move easily between, maintaining ecological function and conserving biodiversity. This site includes both Core Non-Statutory Areas containing "Ancient Woodlands" "All Local Wildlife Sites (SINCs)" or "Priority Habitats" and Network Opportunity Areas.

This document forms part of the evidence base for the next Local Plan DPD. It provides information on available land, it does not allocate sites.

Summary

The site is available and promoted for development by the land owner, but to date has had no interest from developers.

The site is located outside of the settlement boundary of the TVBC Revised Local Plan DPD. The site is adjacent to the village of West Wellow which is identified as a Rural Village in the Local Plan Settlement Hierarchy.

Rural Villages do not contain the range and number of facilities and services or have the same accessibility as larger settlements.

Hbic Local Ecological Network

An ecological network is a group of habitat patches that species can move easily between, maintaining ecological function and conserving biodiversity. This site includes both Core Non-Statutory Areas containing “Ancient Woodlands” “All Local Wildlife Sites (SINCs)” or “Priority Habitats” and Network Opportunity Areas.

This document forms part of the evidence base for the next Local Plan DPD. It provides information on available land, it does not allocate sites.

Summary

The site is available and promoted for development by the land owner, with interest from a developer.

The site is located outside of the settlement boundary of the TVBC Revised Local Plan DPD. The closest settlement is the village of East Wellow which is identified as Countryside in the Local Plan Settlement Hierarchy.

Development away from the defined settlements is unlikely to meet all the elements of sustainable development considering access to a range of facilities.

The number of dwellings proposed is a Council estimate calculated at 10 dwellings per hectare.

Habitat Local Ecological Network

An ecological network is a group of habitat patches that species can move easily between, maintaining ecological function and conserving biodiversity. This site includes both Core Non-Statutory Areas containing “Ancient Woodlands” “All Local Wildlife Sites (SINCs)” or “Priority Habitats” and Network Opportunity Areas.

Summary

The site is available and promoted for development by the land owner, with interest from a developer.

The site is located outside of the settlement boundary of the TVBC Revised Local Plan DPD. The site is adjacent to the village of West Wellow which is identified as a Rural Village in the Local Plan Settlement Hierarchy.

Rural Villages do not contain the range and number of facilities and services or have the same accessibility as larger settlements.

Hbic Local Ecological Network

An ecological network is a group of habitat patches that species can move easily between, maintaining ecological function and conserving biodiversity. This site includes some Core Non-Statutory Areas containing “Ancient Woodlands” “All Local Wildlife Sites (SINCs)” or “Priority Habitats”
